

The image shows a pixelated, black and white logo. The letters 'SPR' are rendered in a bold, blocky, sans-serif font. The 'S' is on the left, followed by the 'P' and then the 'R'. The letters are white with a thick black outline, giving them a three-dimensional, blocky appearance. They are set against a solid black rectangular background. Above this black rectangle, there are three white rectangular shapes of varying widths, resembling a stylized crown or a decorative header. The entire graphic is composed of large, visible pixels, giving it a retro, low-resolution aesthetic. The logo is positioned on the left side of the frame, with a large black area to its right.
